- Setup (how to get into position)
 - Start at the front platform, facing the carriage
 - Sit on the front platform with both feet underneath the front carriage strap, keeping your knees and legs together.
 - Lean back halfway and lengthen your legs to slide the carriage out.
 - Engage your core with your arms straight out and diagonally toward the ceiling.
- Execution (how to perform the exercise)
 - Exhale as you bend your knees and lift the chest reaching forward to close the carriage
 - Inhale as you lengthen you legs and lean back halfway to open the carriage

Reverse Seated Crunch

At the front, facing back

- DO NOT
 - DO NOT crunch forward with your neck or round your shoulders.
 - (Keeping your shoulder blades squeezed together, it will help prevent rounded shoulders)
- Challenge(s)
 - Arm Raises
 - Lean halfway back and legs halfway extended
 - slowly raise your arms up and slowly lower them down

Note: Do not teach this exercise first during your Ab/Core Block. We need to warm up the rectus abdominis and transverse abdominis
