(Modification: bring the raised hand down onto the back platform)

(Intensification: side plank on the feet with legs long and stacked)

[Megacore]

(Standard: 2 grey springs)

(Modification: 1 grey spring; or bring the raised hand down onto the back platform)

(Intensification: side plank on the feet with legs long and stacked)

[Allegro 2]

not applicable

[Evo Reformer]

(Standard: 1 blue spring)

(Modification: bring the raised hand down onto the back platform)

(Intensification: side plank on the feet with legs long and stacked)

- Setup (how to get into position)
 - Start on the carriage facing the back platform, and kick to the back platform, grabbing onto the back platform strap.
 - Knees together against the back carriage strap
 - Come down to your right forearm over and against the back platform strap and swing your feet off the right side of the carriage, stacking your knees.
 - Left hand up to the sky, looking up at your hand.
- Execution (how to perform the exercise)
 - Exhale as you bring your left arm under your right oblique (follow your hands with your eyes and your head)
 - Inhale as you bring your left arm back up to the sky
- DO NOT
 - DO NOT sink your ears into your shoulders.
 - DO NOT drop the bottom hip / oblique.
- Challenge(s)
 - "Knee to Elbow"
 - Hold your side plank and extend your top arm and top leg out
 - exhale as you bend your elbow to your knee
 - inhale as you lengthen your arm and leg
