- Setup (how to get into position)
 - Sitting on the back of the moving carriage with your feet in the well
 - Walk forward with your feet and grab the back black handlebars to place your feet under the back platform strap, legs and feet together
 - Lean back halfway and lengthen your legs to slide the carriage back
 - Engage your core with your arms straight out and diagonally towards the ceiling
- Execution (how to perform the exercise)
 - Exhale as you bend your knees and lift the chest reaching forward to close the carriage
 - Inhale as you lengthen you legs and lean back halfway to open the carriage

Back Reverse Seated Crunch

At the back, facing back

- DO NOT
 - DO NOT crunch forward with your neck or round your shoulders.
 - (Keeping your shoulder blades squeezed together, will help prevent rounded shoulders)
- Challenge(s)
 - Arm Raises
 - Lean halfway back with legs halfway extended
 - Slowly raise your arms up and slowly lower them down

Note: Do not teach this exercise first during your Ab/Core Block. We need to warm up the rectus abdominis and transverse abdominis
